

So as old as contact with of CNC cutting tool, do you know it?aa

Each Lu iron amounts to a person, are you busy still now a holiday today in the home, chat a little with the colleagues previously, blow blow water, he himself works alone now consider the issue that asks me a few cutting tool are purchased I discover suddenly, we are in this domain, the treatment that discussing what mould and product all the time perhaps machines flow to still have the problem such as the standard of NC program, complete oversight the tool that we use everyday.

Below if, my plan serialize the basic knowledge of cutting tool also calculate popular science, know always is good more

Good, share so much today, much bad also to digest, will continue to share tomorrow expect · of · of · · · please
